

Maid2Clean - Now Full Members of the bfa

MAID2CLEAN - THE low cost management franchise in the domestic cleaner recruitment sector is proud to announce their elevation to full bfa members.

The British Franchise Association (bfa) is the voluntary self regulating governing body for franchising in the UK. The market covers a variety of franchise opportunities and all bfa members have chosen to be vetted against a strict code of business practice - they endeavour to be good franchisors that can deliver the success that you want.

Maid2Clean offers you your own business with minimal risk, and one that has a low operating cost with a high-profit margin from a low investment. Maid2Clean will work for you if you are interested in solving the ever growing domestic cleaner demand with your own Maid2Clean franchise.

You can even build up your business while you continue to work in your current job - like 55% of other Maid2Clean franchisees when they initially invested in their futures with Maid2Clean.

With Maid2Clean you do not need previous experience. Over 50% of Maid2Clean's territories in the UK have been sold so they actually have to turn down many people that inquire about a franchise in their immediate area. Mike Hanrahan, MD of Maid2Clean says "The Maid2Clean selection criteria is not based on academic qualification, it focuses more on an applicant's attitude and their determination to succeed. Mutuality is absolutely critical in a Maid2Clean Franchise - we, like our franchisees, are in this for the long term."

More information can be obtained from the Maid2Clean website.
