

Maid2Clean proves popular with the Irish - Dublin January 2011

Maid2Clean's attendance in Dublin proved to be a great success with interest at our stand. The Irish public were quick off the mark to identify the Maid2Clean management franchise as one they would like more information on.

Mike Hanrahan (Maid2Clean MD) commented "Irish entrepreneurs were well informed about our brand and a number of them made appointments to meet with us at the show. They knew of our 120+ Maid2Clean operations in several countries beforehand including our presence in the north and south of Ireland. It was a pleasure to be in Dublin and I'm delighted to say interest was generated from all parts of the Emerald Isles at this show."

There are still franchise areas available throughout Ireland so do you have the interest in running your own business and the qualities & drive to match that of Maid2Clean? If you do Maid2Clean would like to invite you to discuss the business further.
